INCIDENT NUMBER: 12-150741

OFFICER: BUCZKOWSKI #19605

On 11/18/12 at approximately 0411 hours Tempe Police Officer A. Butters #21242 and I were dispatched to the V-Hayden Terrace Apartments located at 1925 E. Hayden Ln., Tempe in reference to an assault that had just occurred. The notes on the call stated that a male subject who was later identified as V-██████████, was jumped by multiple subjects.

Upon my arrival I contacted ██████████ who was with W-██████████ and W-██████████. Officer Butters contacted ██████████ while I spoke to ██████████. Upon contact with ██████████ I noticed that he had an actively bleeding approximate ½ inch laceration on the left side of his upper lip. I asked ██████████ to tell me what happened and how he was injured.

██████████ stated that he, ██████████, and ██████████ had just got home from work and were eating inside apartment ██████████. ██████████ stated that he heard loud yelling and screaming from the courtyard area of their apartment complex. ██████████ told me that the three went outside and were confronted by approximately 20 subjects who identified themselves as being from the "TKE" fraternity who live at the complex next door to the west (1921 E. Hayden Ln., Tempe), one of the subjects had TKE tattooed on his left upper chest.

██████████ stated that they claimed multiple members of his fraternity assaulted one of the members of their fraternity and they wanted justice. ██████████ told me that he approached the "ring leader"/suspect who he described as S- White male, early 20s in age, approximately five foot ten inches tall, 190 pounds, buzz cut hair, wearing a Grey collared shirt, jeans, no further description.

██████████ told me that he had his hands up as he approached the suspect and was trying to explain that his fraternity was at a retreat and only about 5 members remained at their apartment complex. As he tried to explain ██████████ stated that the suspect punched him with a right closed fist in the face which possibly caused the laceration and the fracture since that is where the punch hit him.

After being punched ██████████ stated that he was dazed and fell to the ground. ██████████ told me the suspect continued to punch him in the mid section while he was on the ground and that he stood up and attempted to fight back but was quickly grabbed by approximately five subjects including the original suspect and pushed against the wall and punched multiple times. ██████████ could not describe or identify the other four suspects that partook in the assault against the wall.

██████████ told me that after the brief physical confrontation the suspect and the approximate 20 other people with him left his complex and walked next door to their apartment complex.

██████████ told me that he will aid in prosecution for aggravated assault and would be able to identify the suspect if he saw him again. I took photos of ██████████ and his injuries.

The Tempe Fire Department was called to tend to ██████████ injured lip; he

was later transported to Tempe Saint Lukes Hospital to receive a few stitches per members of the Tempe Fire Department.

I next contacted [REDACTED] who stated that he was present during the assault. [REDACTED] described the primary suspect to me which was consistent with [REDACTED] description and his account of the incident corroborated [REDACTED] account of the incident. [REDACTED] stated he did not see the entire incident because during the time that [REDACTED] was being assaulted he grabbed [REDACTED] and told him to run, which they tried to do.

[REDACTED] stated that he was pushed to the ground while running away and when he got up he was confronted by approximately 10 subjects. Due to running away he did not see the initial assault but saw approximately four White males some shirtless, one wearing a Yellow "go Greek" shirt punching [REDACTED] while they held him up against the wall. [REDACTED] told me that during the altercation one of the approximate 20 people that were with the suspect had kicked a water hose valve that was attached to an exterior apartment building wall causing the pipe to break (\$50.00).

Neither [REDACTED] nor [REDACTED] could describe the suspect who broke the water valve. Members of the Tempe Fire Department were able to shut the water off to the complex to prevent any water damage as a result of the broken pipe. Multiple fraternity members/residents were out and about in the complex and were in the process of contacting the property manager to get the pipe replaced.

After speaking to [REDACTED] I responded to 1921 E. Hayden Ln. which no subjects were found in the common areas out and about and no one was out to be contacted in the multi-unit apartment complex.

The suspect(s) identities are currently unknown and were not contacted at the time of this report.

At this point my initial investigation was complete and the incident was documented as a misdemeanor assault based off the totality of information I recieved during the investigation.

On 11/19/12 Police were contacted by [REDACTED] mother reference follow up information regarding the assault which included a video of the incident which was taken by on-site surveillance cameras.

[REDACTED] his mother, [REDACTED] W-[REDACTED] and multiple other subjects responded to the Tempe Police substation located at 1855 E. Apache Blvd., Tempe to review the video. At approximately 2130 hours I reviewed the video which described the incident as it was articulated to me by [REDACTED] and [REDACTED].

Beyond a more descriptive suspect description further information regarding the incident was not obtained via video including the suspect(s) identity. The video did show the apparent intentional assault of [REDACTED] and the aggressive "MOB mentality" of the suspect and his group of approximately 20 people.

After viewing the video and speaking to [REDACTED] and his mother in detail reference the totality of the incident and investigative process I contacted [REDACTED] who stated he was at TSL while the assessment of [REDACTED] injuries was conducted by the doctor in the emergency room.

[REDACTED] stated that [REDACTED] had a concussion which required a CT scan, two avulsed front incisor teeth which were held on by his retainer, a laceration on his upper left lip which required stitches, and a fractured Maxilla bone along with minor contusions on the back right part of [REDACTED] head.

After speaking to [REDACTED] I re-interviewed [REDACTED] and [REDACTED] reference the incident. Their interviews were consistent with the initial interviews on scene. [REDACTED] was able to provide a bit more information regarding the other suspects that assaulted [REDACTED] which was detailed above in my report.

Officer J. Gebbie #17811 responded to assist me with the interviews and re-interviewed [REDACTED] reference the incident.

I later impounded a flashcard which contained photos of [REDACTED] injuries and the broken pipe, as well as a CD which contained the recording of the incident, as well as an additional CD which contained my recorded interview with [REDACTED] and [REDACTED] as evidence.

NOTE: The impounded video was not able to be played on Tempe Police computers possibly due to the type of format but the files were on the disk which was impounded. [REDACTED] was advised to keep the video on his computer in the event he was contacted by a Detective who may have another way to download the video.

See Officer Butters' and Gebbie's supplements to this report under this incident report number for more information regarding the totality of their interviews.

On 11-19-12 at 2215 hours, I interviewed, W- [REDACTED] in front of the Tempe police Apache Blvd. substation reference an assault to V- [REDACTED] that occurred on 11-18-12 at approx. 0400 hours. On the night of the incident, [REDACTED] was hanging out in his apartment ([REDACTED]) with his friends, W- [REDACTED] and V- [REDACTED]. They heard a commotion outside and went to see what was going on. Once outside he observed a group of male subjects being loud. The group started coming at [REDACTED], [REDACTED] and himself after knocking over a Ping-Pong table.

One of the subject's took a swing at [REDACTED] but missed. [REDACTED] turned, told [REDACTED] to run, and pushed him to get him going. [REDACTED] and [REDACTED] then ran to apartment # [REDACTED] and tried to get inside but the door was locked. [REDACTED] and [REDACTED] were then confronted by a group of eight to ten white male subjects. [REDACTED] held his hands up in the air and asked the subjects what was going on. The subjects told them that some of their fraternity brothers had jumped one of their fraternity brothers about forty-five minutes before.

When [REDACTED] and [REDACTED] were confronted by the group of eight to twelve subjects, he observed a white male, nineteen to twenty two years old, five feet five inches tall, stocky build, buzz cut blonde hair, wearing a grey long sleeved polo shirt, grab [REDACTED], throw him into some bushes, and punch him an unknown number of times in the face and body.

[REDACTED] stated that there were four other subjects that punched [REDACTED]. [REDACTED] could not describe the other subjects who assaulted [REDACTED] other than white males of various sizes. [REDACTED] said that he saw the face of the suspect who threw [REDACTED] into the bushes and could identify him if he saw him again. [REDACTED] said that he did not see the faces of the other four suspects.

I was informed by Officer Buczkowski that there was video footage of the incident. [REDACTED] denied that he had viewed the video prior to talking to me. [REDACTED] said that subjects said something about being from the "TKE" fraternity. [REDACTED] had no explanation for why the subjects assaulted [REDACTED] and not [REDACTED] and himself. [REDACTED] admitted to being a member of the Delta Kappa Epsilon fraternity. [REDACTED] had nothing further to add to his statement.

For complete details regarding this incident, refer to Officer Buczkowski's original report and any other supplemental reports. I audio recorded my interview with [REDACTED] and later impounded a copy of the recording as evidence.
